The Dahlia for the Millions

America's Greatest Dahlia Sensation

HILL'S PINK SUPREME

Hill, 1939, I. D. Probably the finest introduction ever placed on the market by any grower for the florist and cut flower trade. Blooms run around eight inches, on the longest stems of any dahlia in cultivation today, bar none. The greatest dahlia since the advent of Jersey Beauty, a long time ago. Just as good a keeper when cut and stems very much longer. Very prolific with dark green insect-resistant foliage, stems starting from the bottom of the plant and running straight up three to five feet long with this fine, dark pink dahlia looking you right in the face.

We are so much enthused with this wonderful new creation in a dahlia that we are willing to stake our entire reputation over a period of many years on this wonderful new creation. We desire to see this dahlia in every garden from coast to coast, therefore the following very low prices:

Roots, 35c (4 for \$1.00). Plants, 20c. Rooted Cuttings, 6 for 50c

OAKLEIGH MONARCH

The red sensation. One of the finest reds growing. Very rugged, with fine stems. One of the best keeping flowers. Very large with great depth. If you have not grown this dahlia, do not overlook it. Our stock is of the best.

Roots, 45c. Plants, 25c. Rooted Cuttings, 6 for 75c

MARKET JEWEL

A semi-cactus dahlia that was the sensation in our garden the past season. A wonderful grower with blooms of the finest dark velvet red. The shade will hook up well with the famous Dwight W. Morrow. If you do not grow this one you are overlooking the finest dahlia that you have ever had in your garden. Fine stems and a wonderful keeper.

Roots, 50c. Plants, 25c. Rooted Cuttings, 6 for 75c

GROW THESE DAHLIAS IF YOU WOULD WIN SHOWROOM CHAMPIONS

Ace of Spades (I.D.)—Bloom 11x5, bush 5½ feet. A monster velvet maroon, almost black. This is just naturally a Giant and the blooms are held at right angles, far above the foliage on strong, stiff stems. Plant .40		Figaro (S.C.)—Reputed to be a seedling of Satan, with many of the characteristics of the parent. The color, however, is entirely different, being golden-yellow, flecked and streaked red. A sure winner in its class. Plants .75		Laetare (C.)—This is one of the prettiest dahlias we have ever grown, and possibly one of the hardest to describe. Color, a luminous red on a soft yellow ground, gradually shading to yellow at the tips. Plant .40	
Adorable (I.D.)—A fine dahlia of exceptional beauty. The color is a vivid pink, shading to an orange-yellow glow at the center. Plants .35		Fireman (S.C.)—This much honored variety produces very large brilliant flowers of flashy Cardinal red with gold flushes and golden tips. Root .50, Plant .30		Lord of Autumn (I.D.)—Bush 4½ ft. Mr. J. A. Kemp quotes as follows: "This is the most sensational dahlia we have ever grown, regardless of color, and is by far the greatest yellow dahlia we have ever seen. The color is a deep golden yellow, which is sustained until the last petal has withered. The flowers grow to an enormous size, and without forcing" Roots, .60, Plant .35	
Adirondack Sunset (I.D.) This is one of the greatest dahlias ever introduced, and one of the most spectacular, and it attracts everyone's attention. The color is a vivid scarlet, shading to a bright canary yellow at the base, giving the large blooms the striking sunset colors. Plants .50		Fireball (F.D.) 5 ft.—A brilliant scarlet which does not burn or fade. The foliage is heavy and absolutely insect-resistant. Plant .50		Maffie (S.C.)—Lively carmine flowers. Having ideal growth, formation and size makes this variety very outstanding Plant 1.00	
Agnes Young (S.C.) Large, velvety red, tips gold. Roots .25		Flash (Cac.)—A striking bi-color cactus. Has an unusual formation and color effect. Petals red tipped white. Plants 1.00		Margrace (I.D.)—Color is a brilliant scarlet tipped and striped with gold. Roots .35	
Alice May (I.D.) "Australia"—1939. Bloom 12x8. This pure waxy white flower is rightly called a "White Lord of Autumn." This tremendous bloom is beautifully formed. Plant .50		Freckles (I.D.) 3 to 4 ft.—Color is a lemon-chrome, striped, blotched and speckled bright scarlet, irregularly distributed over the yellow ground color. Blooms of this spectacular dahlia were grown up to 14 inches in width, and correspondingly great depth. Root 1.00, Plant .50		Mayor Frank Otis (I.D.)—Bloom 14x7, bush 5 ft. It is a soft, rich golden honey yellow with just a touch of coppery shading. It won two Achievement Medals, on two Honor Rolls, and won SIX blue ribbons as largest flower in the show. It has been grown to OVER SEVENTEEN INCHES. Root .50	
Amelia Earhart (S.C.)—Bloom 12x6, Bush 4 ft. This gorgeous dahlia was a consistent winner wherever shown. Color is apricot buff with salmon tints shading to soft yellow at base of petals. Root .35		Freda George (I.D.)—Australia. One of the most lovely dahlias it has ever been our pleasure to grow. The tall bushes bear numerous large blooms of cream overlaid with helio. This variety is much in demand where it has been shown. A real winner. Roots 1.00, Plants .40		Margaret W. Wilson—A magnificent dahlia in every respect. Wonderful bloomer, huge blossoms of creamy-white, shaded pink. Root .10	
American Legion (I.D.)—A top notch in the yellow class, very much like Lord of Autumn, a mighty fine dahlia. Roots .25		Gertrude Brinton (F.D.)—Just one of those good reds you would always desire to grow. Roots .15		Mason's Purple Beauty (F.D.)—A very fine velvety purple, having good substance to the petals with a silver reverse showing at the center of the blooms. Plant .35	
Avalon (F.D.)—A great dahlia for fine form and carried on a strong stem. The color is rich lemon-yellow. Roots .10		Gladys Sherwood (C.)—Large white.		Mildred Pote (F.D.)—Large, phlox-pink flower. Blooms set well on a good stem with a full center. Has nice clean foliage, a dahlia anyone would enjoy growing. Medium size bush. Plant .40	
Azura, (I.D.)—Rosy lilac of very great diameter. Excellent stems and growing habits. Roots .60, Plants .40		Glamour (I.D.)—Bloom 12x8, bush 5½ ft. An immense true purple with each petal deeply edged amaranth pink—something very distinctive and entirely different from any existing variety. Plant .50		Michigan White (S.C.)—The most prolific blooming white commercial dahlia to date. Excellent for basket and vase work. Plants .30	
Ballego's Surprise (S.C.)—Tall bushes covered with pure white blooms of large size make this variety very DESIRABLE. Plant .35		Golden Beauty (I.D.)—Golden apricot. An outstanding dahlia which can be grown to 14 inches. As the bloom advances the petals curl backward. Plants .50		Milton J. Cross (I.D.)—An immense flower of rich yellow-buff, the outer petals flushed with rosy amber. Long stiff stems; good grower. Plants .40	
Betty Coulter (I.D.) A light salmon red throughout, shading to old rose at the base. Plant .30, Roots .50		Golden Glitters (D.)—A very good yellow. Very early and free. Roots .50		Monmouth Champion (I.D.)—Bloom 12x5, bush 3½ feet. The color of this marvelous dahlia is a bright xanthine orange. Roots .20	
Blue River (F.D.)—Bloom 11½x5, bush 4 feet. A blue French violet, the nearest to a blue dahlia that we have ever seen. It never fails to grow. Roots .20		Greater Glory (S.C.)—Rose pink bloom of great size on extra long stems. Plants .50		Monarch of the East (I.D.) "Almy" 1938—Bloom 12x5, bush 4½ feet. Giant flowers of mustard yellow with an apricot suffusion. A rampant growing habit. Root .35	
California Idol (I.D.) The best yellow dahlia introduced in 1935. Huge blooms on the best of stems. Winner of many prizes during the past season and surely a winner again this season in the giant bloom classes. Root .20		Helen Pahl—A new Hill seedling that is outstanding. A very sturdy grower with dark green foliage, flowers very large. The color is very similar to Jersey's beacon or Pres. Franklin D. Roosevelt only we think a little more free of bloom. Plant .30		Monmouth Queen (D)—Light yellow. One of the finest of the old varieties, very prolific. A tall grower. Roots .35	
Carl G. Dahl (I.D.)—Bloom 12x6, bush 5½ feet. Graceful although of tremendous size of rather loose or open formation. The pointed petals curl slightly. Color, apricot buff shaded old rose on reverse of petals. Plant .50		Hillside Sunset (I.D.) 1939—Bloom 12x7, bush 5 ft. The color is gold and bronze with each petal edged with rose red, none of the edging extending over on to the face of the petal. Plant .75		AMERICA'S GREATEST BALL DAHLIA	
Cavalcade—It resembles Jersey's Beauty in form. Color, deep rose. Height, about 5½ feet. Another great cut flower, and a great winner in floral arrangement. Roots .25		Incandescent (I.D.)—Bloom 11x5, bush 5½ ft. Color, rich rosy buff suffused yellow light old rose. Center, rich old rose, paling to light buff on outside of petals. High centered well formed flowers. Root .35		Mrs. C. D. Anderson—A mammoth purple-quilled ball dahlia with a silver sheen that keeps for days in the show room. We have at last a good supply of this dahlia, which grows for everyone. Owing to our large supply, we are making the following prices: 100 for \$5; 12 for \$1; each .10	
Champoege (F.D.) —Bloom 9x4, Bush 5 ft. The unusual coloring of Champoege makes it an especially attractive flower. It is a waxy canary yellow at the center and shades into a salmon pink, which deepens in cool weather. Plants .35		Jean Paturet (C.)—A fine canary yellow, one of the best in a cactus dahlia. Fine cut flower. Plants .40		Mrs. Geo. Le Boutillier (I.D.)—A fine new addition to the giant red class. Just naturally a big flower which has won many friends during the past season. Not only a grand exhibition flower but one you will be proud of in your garden. Roots .30	
Charm (D.)—Best burnt orange. Roots .10		Jane Cowl (I.D.)—Bloom 10x6, bush 5½ ft. Immense blooms, deep and full of glistening bronze buff. The stems are long and stiff and straight; and they hold the flower just as it should be held—looking at you and slightly up. Each .10, Per dozen .75		Myra Howard (I.D.)—The color is a glowing combination of saffron, yellow and tints of salmon, the entire effect being ochraceous orange. Roots .35	
Charlotte Caldwell (Ball)—Bright orange with shadings of terra cotta. It has wonderful foliage and vigorous growth. Always a winner. Root .30		Jean Trimbee (S.C.)—Bloom 10x5, bush 5 ft. Massive, yet artistic with long, revolute petals that curl and twist. The color is a beautiful petunia violet making it popular as an exhibition dahlia. Roots .30		Mrs. I. D. Ver Warner—Rose, pink-shaded lavender Complete collection. Roots .15	
Clara Carder (I.D.)—This giant is a cyclamen pink with a flush of yellow at base of petals. One of the best pinks to date. Roots .35		Jeffersonian (I.D. to F.D.)—Mauve pink large blooms. Easily grown 11 inches or more and good depth. Good stems and strong grower. Plants .35		Mrs. May Wallace (I.D.)—We think this will prove to be the finest dahlia ever originated. An enormous deep golden yellow informal decorative of pure, unshaded color, with a deeper glow of flesh at the base of the petals. Flowers large and a good bush. Plants .40	
Chemar's Dahliamum—A striking new type of informal. Similar to huge Japanese Chrysanthemum. Color, a bright Cadmium apricot with a golden sheen. Plant 1.00		Jersey's Beauty (F.D.)—Bloom 6x4, bush 6½ ft. Probably the most popular of any dahlia, especially as a cut flower. The ideal pink for exhibition or florist use .15		Mrs. R. R. McCormick (D.)—Bloom 11x7, bush 4½ ft. Color, a cream yellow with pink suffusion. Has extra long stems. Insect-resistant foliage. Does well in full sun. Plant .40	
Cherokee Brave (I.D.)—Oxblood red, holding its color in the sun. First in the seedling class in Cincinnati. Plants .50		Jersey's B. acon—A favorite with many gardeners and one of the finest of all dahlias. Of enormous size and carried on elegant long and strong stems. Chinese-scarlet with lighter reverse. Roots .15		Mrs. Wm. S. Knudsen (I.D.)—A pure white that will be hard to beat as it already has a fine record as a prize winner. Roots .40	
Curly Locks (I.D.)—Bloom 11x5, bush 5½ ft. A magnificent bloom of gold, heavily shaded apricot, with curly and twisting petals, making a bloom of great depth. Plant .30		Jersey's Dainty (C.)—One of the finest of the late cactus. Pure white. Should you want a white cactus this is the one, bar none. Roots .15		Murphy's Masterpiece—Bloom 11x4, bush 4 feet. The monster blooms of deep, dark red shading toward crimson are held erect on stiff stems. It is a stocky grower and in all a good dahlia. Roots .60, Plants .35	
Daddy Kemp (F.D.)—Bloom 12x6, bush 4 ft. This is every inch a man's flower, and one of the most spectacular introduced in recent years. The flowers are of immense size, often 14 inches or over in diameter, and from five to seven inches deep. The color is a rich purplish red. Root .50, Plant .35		Jersey's Melody (S.C.)—A real beauty, a good running mate for Paul Pfitzer in the shows. Very free bloomer. Tyrian rose shaded to silver at the tips. Roots .25		Nagel's Giant (I.D.)—Soft apricot of beautiful shade with pointed petals. Stems strong, flower facing slightly upward. Bush grows in a robust fashion. Plant .75	
Dakota (D.)—Flame. Roots .15		Joseph E. Mitchell (I.D.)—A very large buff apricot. A very fine dahlia in every respect, well worth growing. Roots .40		Nagel's Superb (I.D.)—A very bright primrose yellow, a dahlia worthwhile. We have the finest of stock, large size, a very good grower. Roots 1.00, Plants .40	
Darcy Sainsbury (F.D.) "Australian" — Bloom 10x5, A wonderful pure white, with excellent center, and the best of long stiff stems. One of the best to come from Australia. It stands very high in the show room. Plant .50		John B. Phinisey (F.D.) "Hill" 1936—A new creation that will be universally grown. Flowers are large, of a beautiful shade of rosy purple magenta, stems are of the best, holding the flowers well above the foliage, a very sturdy grower and insect proof. Root .30		Oriental Glory (I.D.)—Dazzling balls of deep orange. The color is most pleasing, orange overlaid with scarlet. Roots .20	
Darlene (D.)—Shell pink. The pink Jean Kerr. Roots .10		Katie-K (I.D.)—Bloom 11x6, bush 5½ feet. Color is a deep rose pink, with white veins in the petal that lighten the flower considerably. It is a giant. Plant .35		Premier's Majestic (I.D.)—Bloom 10x4, bush 5 ft. An informal decorative of a beautiful new color combination difficult to describe, salmon, gold and mulberry. Root .35	
Dean Anderson (I.D.)—A true exhibition type, of a rare new color, radiant henna orange. Extra long stems holding the very large flowers in an ideal position. Plant .75		Kathleen Norris (D.)—Large Pink. Roots .25		Premier's Winsome (I.D.)—The most attractive pink since Kathleen Norris and easy to grow, giving massive blooms, 11x6 inches. Plants .40
